Dear Both.,

May thanks for your mailing postmarked 6/1/69/

When I do not write it is only because there is so little time.

The version of the Ray story printed there contained a little that is of significance that did not appear here, though it was an AP story.

The Fox story has onething in it I did not know earlier. It did not appear here.

Same with the Schulberg

And the UPI story on the firing of Avery didn't appear here at all (AP being used instead). It has what AP did not.

Four out of four? Pretty good!

Many thanks,
